VMX 🌱 POS

How to Prepare for a VMX Hardware Setup!

1. This setup involves a VMX team member remote-controlling your computer using Zoom, so be sure to have the Zoom client downloaded to the computer we'll be working on
2. Have your receipt or label printer connected to your computer and powered on with media loaded
3. Connect your barcode scanner, cash drawer, and credit card machine
4. Make sure you have the administrative credentials (username & password) on hand for the setup call, it will need to be entered to download and install our printer tools on your register computer
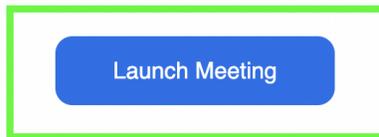

Joining a Zoom meeting:

1. Go to zoom.us on your computer
2. Select "Join" on the top right corner
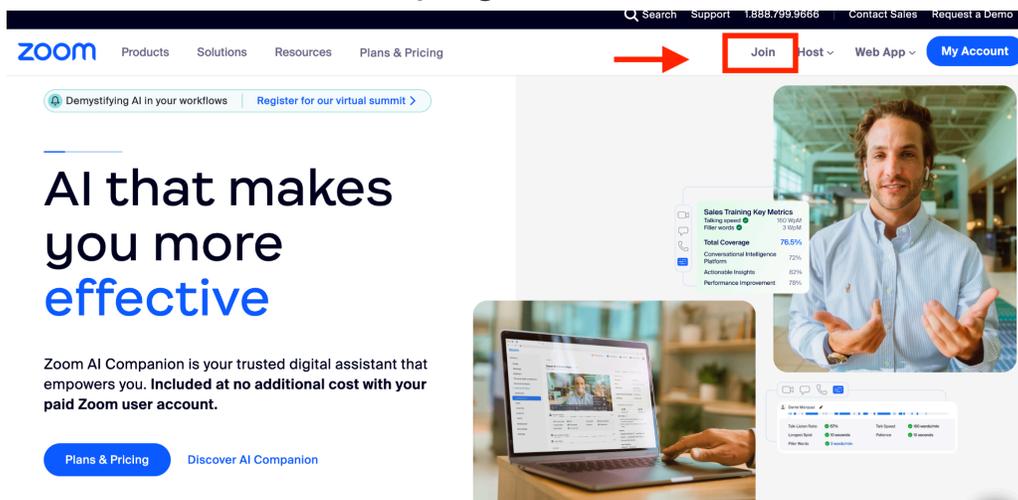

3. Enter the meeting ID given to you by the VMX team member
4. Select the blue "Join" button.

Once you install Zoom Client, click **Launch Meeting** below

By joining a meeting, you agree to our Terms of Service and Privacy Statement

Launch Meeting

Don't have Zoom Client installed? Download Now

Having issues with Zoom Client? Join from Your Browser
